Judging Criteria
English Language Test

Introduction:

As part of the requirements for participating teams in the upcoming English Language Olympia, English language proficiency will be evaluated using an English language test on the first day of the ELO event. The English language test is an objective and reliable measure of English communication skills. It measures the degree to which students in middle and high school have attained proficiency in the academic and social English language skills.

First day of the ELO:

1- Four (4) team members of each team will sit for the English language test on the first day of the ELO event.

2- Test duration: 1 hour and 25 minutes.

3- Test content: three sections as follows:
